

LADNUT

《Ladnut 亚马逊品牌旗舰店 Storefront 建设方案》

基于 Ozolon CleanAir System™ 与 CareRhythm™ D
的品牌技术架构与页面规划

文档用途

用于向公司上级汇报 Ladnut Amazon Storefront 的建设方案，讨论是否

Cleaner Homes. Healthier Routine.

温暖 · 干净 · 可信 · 有科技底座

专业汇报版 PDF / 中文为主，保留核心英文品牌文案

项目背景

Ladnut 目前已有多个宠物相关产品线，包括：

清洁净化系列

猫咪除臭器，未来计划延展空气净化设备。

宠物护理系列

狗狗洁牙粉，狗狗蘑菇咀嚼片。

当前问题

如果这些产品只是以单个 SKU 的形式在 Amazon 上独立销售，消费者很难理解它们之间的关系，也难以对品牌的长期记忆。

本次 Storefront 建设核心目的

不是简单陈列产品，而是通过统一的品牌逻辑，将 Ladnut 打造成一个有技术底座、有情感温度、有社会责任感的美国宠物家庭健康品牌。

品牌核心定位与品牌主张

品牌核心定位

Ladnut is a pet home wellness brand built
care routines, and happier everyday lives
love them.

中文理解：Ladnut 不是单纯销售宠物用品，而是围绕宠物家庭中的空气异味、日常清洁、口腔护理、老龄犬健康支持等真实问题，构建一个“宠物家庭健康护理品牌”。

品牌主张

Cleaner Homes . Healthier Routs

更洁净的家，更健康的日常，更快乐的宠物。

Cleaner Homes . Healthier Routs Happier Pets

家庭空间、猫砂盆异味管理、宠物活动区空气清新。

更容易坚持的日常护养习惯。

更舒适、更少压力、更自然的宠物生活状态。

两大技术支点

Ozolon CleanAir System™

A dual-action air care system that uses ozone to break down molecules and negative ions to help purify lingering odors.

中文解释：Ozolon CleanAir System™是 Ladnut 清洁净化系列的核心技术系统。它通过臭氧分解分子和负离子帮助吸附空气中的异味残留、灰尘、宠物皮屑等微粒，使空气更清新。

Ozone Odor Breakdown

分解猫砂、尿液、潮湿环境和宠物活动产生的异味分子。

Source-Level Odor Control

处理残留、潮湿和微生物活动带来的异味来源。

Negative Ion Residue

吸附异味残留、灰尘、宠物皮屑等颗粒并帮助沉降。

Low-Residue Freshness

臭氧工作后自然回归氧气，负离子帮助减少空气残留。

CareRhythm™ Daily Wellness

A daily wellness approach designed to help pet owners establish care routines for oral hygiene, senior support, and overall health.

中文解释：CareRhythm™ Daily Wellness是 Ladnut 宠物护理系列的核心技术系统。它通过日常口腔护理、老龄犬支持和长期健康管理习惯，帮助宠物主人完成日常口腔护理、老龄犬支持和长期健康管理。

Amazon Storefront 页面总架构

1

Home

建立品牌定位、使命和两大产品系统。

2

Clean Air

打造 Ozolon CleanAir System™ 技术资产。

3

Daily Wellness

打造 CareRhythm™ Daily Wellness 护养体系。

4

Our Impact

承载品牌故事、公益理念和环保责任。

Home 首页规划

Module 1 / 顶部 Hero Banner

Cleaner Homes. Healthier Routines. Happier Pets.

Smart air care and daily wellness solutions designed to make pet care easier, healthier routines, and more comfortable lives.

视觉建议：干净、温暖、现代的美国宠物家庭场景；重点是“干净的家”和“宠物舒适生活”。

Module 2 / 品牌使命模块

Better care should feel easier for people.

Pet life brings love, but it also brings odors, brushing routines that can be hard to keep up with. Ladnut was created to make pet care smarter, and easier to repeat— from litter box odor control to daily wellness.

Module 3 / 两大产品系统导航

Clean Air & Odor Control + Daily Wellness

左侧：Powered by the Ozolon CleanAir System™... 右侧：Powered by the Science of Pet Care™... 入口把清洁净化与科学护养连接到统一品牌框架。

Home 首页规划（续）

Module 4 / 主推技术模块

Meet Ozolon CleanAir System™

A dual-action approach to cleaner pet air. Pet odors oft airborne residues, dust, and pet dander released by litt Ozolon is designed to help care for pet air in two ways: negative ions help attract lingering airborne particles

- Ozone Odor Breakdown: Helps break down odor-ca litter box use and daily pet activity.
- Source-Level Odor Care: Helps support freshness where pet and enclosed pet areas.
- Negative Ion Residue Purification: Helps at dander, and lingering odor residues.
- Freshness Without Heavy Fragrance: Supports overpowering perfume sprays.

Module 5 / 首页主推产品

Ladnut Cat Litter Box Deodorizer

Dual-action freshness for litter box spaces. Designed fo deodorizer uses the Ozolon CleanAir System™ to help brea lingering airborne residues. With smart sensing, automat supports a cleaner-feeling pet space with less effort.

- Helps break down litter box odor molecules
- Negative ion support for airborne residue purification
- Smart sensing for pet-aware operation
- Compact, rechargeable design
- Helps reduce reliance on heavy fragrance sprays

Clean Air 清洁净化系列页面规划

Module 1 / 页面 Hero

Clean air, built for pet homes.

Ozolon CleanAir System™ uses ozone to help break down odors and help purify lingering airborne residues— supporting fresher air.

Module 2 / 问题定义

Pet odor is more than a smell problem.

Litter boxes, moisture, urine residue, and enclosed pet spaces trap fine airborne particles into the air. Sprays may cover the odor, but our approach is designed to help address the problem more directly at the source and reduce lingering residues in the air.

Module 3 / Ozolon 技术原理模块

The Ozolon CleanAir System™

Ozone odor breakdown + negative ion residue purification
“臭氧分子 + 负离子净化残留颗粒”的双路径。

Clean Air 清洁净化系列页面规划（续）

Module 3 / 技术支柱

Ozolon 四大支柱

页面中建议以图标卡片呈现以下技术利益点。

- Breaks Down Odor Molecules: Ozone helps react associated with litter, urine, moisture, and pet waste.
- Helps Control Odor at the Source: Ozone - based spaces where odor often begins.
- Purifies Lingering Airborne Residues: Negative ion residues, dust, and pet dander.
- Freshness Without Heavy Fragrance: Supports fragrance buildup.

Module 4 / 现有产品陈列

Compact odor control for litter box spr

Ladnut Cat Litter Box Deodorizer uses Ozolon dual-action molecules and reduce lingering airborne residues. Smart cat's natural routine, while its rechargeable design mak

- For litter box odor zones
- Ozone support for odor molecule breakdown
- Negative ion support for airborne residue purification
- Smart motion sensing
- Rechargeable and compact
- Helps reduce reliance on heavy fragrance sprays

Clean Air 清洁净化系列页面规划（场景与延展）

Module 5 / 使用场景模块

Freshness for the places pets actually

建议用真实家居分区图展示产品不是“孤立电器”，而是嵌入美国宠物家庭真实生活空间。

- Apartment Living: Helps make small pet spaces feel more comfortable
- Laundry Rooms: Supports a cleaner-feeling corner for litter
- Bathrooms: Compact air care for enclosed litter
- Multi-Cat Homes: Helps support a more consistent odor-control

Module 6 / 未来空气净化设备延展

From litter box odor care to whole-room

Ozolon CleanAir System™ begins with pet odor molecule breakdown in litter box spaces, but its long-term vision is broader: cleaner, fresher environments across pet corners, litter

- Odor molecule breakdown
- Airborne residue purification
- Pet dander management
- Room-level air care support
- Future pet air purifier products

Daily Wellness 科学护养系列页面规划

Module 1 / 页面 Hero

Daily care, made easier to keep.

CareRhythm™ Daily Wellness helps pet families build simple senior support, and everyday vitality.

Module 2 / CareRhythm™ 理念模块

Small routines can protect the bigger

The best pet care is not always the most complicated. It family can repeat. CareRhythm™ Daily Wellness is Ladnut's science-informed products designed to fit into real feed

Module 3 / 狗狗洁牙粉产品模块

No-fight oral care for everyday freshn

For dogs who resist toothbrushes, better oral care start Dental Powder is made to mix easily with meals, helping breath without turning care time into a struggle.

- Easy mealtime dental routine
- Helps support fresher breath
- Designed for dogs who resist brushing
- Sprinkle over food and serve
- A simpler way to build daily oral care

Daily Wellness 科学护养系列页面规划 (续)

Module 4 / 狗狗蘑菇咀嚼片产品模块

Inside-out support for aging dogs.

Aging dogs need care that goes beyond the surface. Ladnut functional wellness treat, with a mushroom-based blend to support cellular wellness, skin comfort, and everyday senior vitality.

- Functional mushroom blend
- Daily senior wellness support
- Helps support immune balance
- Supports normal cellular wellness
- Soft chew format for easy daily use

Module 5 / 共同逻辑模块

Wellness that fits into real life.

From oral care to senior wellness, CareRhythm™ products work best when it fits naturally into everyday life.

- Oral Care Routine: Mealtime powder / Fresher breath & repeatability
- Senior Wellness Routine: Daily soft chew / Immune balance & mindset

About Us / Our Impact 页面规划

Module 1 / About Hero

Born for the real homes pets live in.

Ladnut was created for pet families who want cleaner spaces, thoughtful from the inside out.

Module 2 / Our Story

品牌起源故事

Ladnut began with a simple truth every pet parent understands: pet life also brings odors, brushing struggles, aging work hard to keep up with. We created Ladnut to make those everyday products help refresh the spaces where pets live, while build simple routines for oral care and senior support. home where pets feel comfortable, people feel confident, actually keep doing.

Module 3 / Our Mission

Cleaner homes, healthier routines, happier

Our mission is to help pet families create cleaner homes and lives through smart air care technology and science-inspired

- Cleaner Shared Spaces
- Easier Daily Routines
- Science with Warmth
- Kindness Beyond the Product

About Us / Our Impact 页面规划

Module 4 / Ladnut Fresh Start Program

Care should reach beyond the homes that

Through the Ladnut Fresh Start Program, our long-term goal is to support rescue and foster pets, foster homes, and rescue families. We believe every pet should wait, heal, and be loved.

- Shelter Air Support: support rescue and foster homes with product-based support where it can make daily care easier.
- Low-Fragrance Pet Home Education: reduce reliance on source-focused, routine-based air care.
- Senior Pet Wellness Awareness: senior pets deserve dignity, and long-term companionship.

Module 5 / 可持续理念

Designed with responsibility in mind.

We are working toward pet care systems that reduce unnecessary formats where possible, and encourage longer-lasting routines.

- Rechargeable product design
- Less heavy fragrance
- Routine-based care

素材准备清单

必须提供

- L a d n u t L o g o
- 猫咪除臭器 3 D 图
- 猫咪除臭器内部结构图
- 狗狗洁牙粉产品图
- 狗狗蘑菇咀嚼片产品图

建议补充或让 A I 生成

- 首页宠物家庭生活场景图
- 猫砂盆使用场景图
- O z o l o n 技术原理图
- 负离子颗粒沉降示意图
- 狗狗用餐场景图
- 老龄犬陪伴场景图
- 救助空间 / f o s t e r h o m e 场景图

合规表达边界

推荐使用

- helps break down odor molecules
- helps address odor at the source
- helps purify lingering air
- supports a fresher environment
- negative ion support
- designed for litter box odor
- pet-aware sensing
- use as directed
- helps support daily oral health
- helps support immune balance
- supports normal cellular wellness
- daily wellness routine

避免使用

- eliminates all odor
- kills 99.9% of bacteria
- completely safe ozone
- 100% non-toxic in all use conditions
- sterilizes the air
- medical-grade purification
- prevents disease
- treats dental disease
- cures bad breath
- shrinks lumps
- anti-cancer / tumor support
- best / #1 / most effective

特别提醒：臭氧在美国市场表达需要谨慎

可以讲 controlled ozone output、ozone odor breakdown、used for litter box odor zones，但不要写“臭氧完全安全”“100%安全”“100%使用”。

实施价值与最终建议

1 . 建立品牌统一认知

将猫咪除臭器、未来空气净化设备、洁牙粉、蘑菇咀嚼片整合成一个统一的宠物家庭健康护理品牌，而不是零散 SKU 组合。

2 . 建立技术资产

通过 Ozolon CleanAir System™ 和 CareRhythm™ Daily Wellness 两大体系，建立统一的技术与护理语言。

3 . 提升交叉销售机会

买猫咪除臭器的用户，未来可以被引导到空气净化设备；买洁牙粉的用户，也可以被引导到蘑菇咀嚼片或其他日常护养产品。

最终目标

Cleaner Homes . Healthier Routines

是否建议实施：建议实施

结论

建议实施 Ladnut Amazon Storefront

该项目能够将现有 SKU整合为一个具备技术底座、情感温度与责任感的品牌系统，并为未来空气净化设备与日常护养产品延展提供统一语言。

同步推进事项

- 素材准备：补齐 Logo、产品 3D、内部结构图与关键场景视觉。
- 商标检索：对 Ozolon CleanAir System™、Carerh
dnut Fresh Start Program 等命名进行检索。
- 合规审核：重点审核臭氧相关表述、宠物健康支持表述和 Amazon 页面用语边界。

建议下一步：以本方案作为 Storefront 页面信息架构和视觉素材 Brief，进入设计执行与合规预审。
